

Which are you tutorial:

- Download the template for free (Link in description)

-

- Find a topic, Create images for question and answers (with document proportions 800pixels x 800pixels) <— see tutorial

-

- Replace the "REPLACE_ME" file with the file of your question (Which — am I?) and

Resize it to fit proportions by pressing on "Question" in scene (see tutorial)

-

- Replace the "REPLACE_ANIMATION" file by selecting multiple images as shown in tutorials

-

- Open the patch editor find the "Random" patch and set the end value to the number of your answer images (put 6 if you have 6 images, 7 if you have 7

etc)

-

- Resize the "Answer" plane in scene to fit your images (see tutorial)
- Get creative and make your own :)
